Inspires exploration.

The Bentayga takes you on a journey unlike any other. This completely reimagined SUV fuses luxury and performance to inspire exploration without limits.

Modern, distinctive and commanding, the Bentayga unites cutting-edge design and innovation, allowing you to experience everything this world has to offer.

Its all-road performance, unrivalled ride comfort and incomparable on-road handling are everything you would expect from a true Bentley, and more. This versatile SUV draws upon its breathtaking performance, innovation and considered design to deliver an unsurpassed, dynamic driving experience with a confident and striking presence.

Available in your choice of four distinctive models, the Bentayga V8 brings comfort and luxury together in perfect balance, while the Bentayga S adds enhanced driving dynamics and a bold design to match. The Bentayga Speed possesses formidable power, unrivalled speeds and a refined sporting aesthetic. And completing the range is the Bentayga Hybrid, with future-focused technologies that create a serene, seamless driving experience.

Are you ready to find your extraordinary?

Visit the **Bentley website** to start your journey.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

The Bentayga Hybrid.

The Bentayga Hybrid represents the future of Bentley, reshaping the experience of navigating the city – and travelling beyond it. Through the use of innovative technologies, combined with the heights of Bentley craftsmanship, every journey becomes effortless in every way.

This remarkable SUV expands the definition of Bentley performance by enhancing one particular attribute: a sense of calm. The blissful silence of its all-electric mode extends for 40 km / 25 miles (WLTP), enough to cover those everyday journeys, making the Bentayga experience as serene as it is exhilarating. And when the E Motor is combined with the powerful V6 engine, you will enjoy responsive acceleration that takes you from 0 to 60 mph in just 5.2 seconds (0 to 100 km/h in 5.5 seconds), and enables you to soar to a top speed of 158 mph (254 km/h).

With the lowest CO₂ emissions of the Bentayga range, along with smart, safe and convenient Connected Car services and intelligent navigation, the Bentayga Hybrid is a pioneer in luxury e-mobility.

Bentayga Hybrid WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 83.1 (3.4). Combined CO₂ – 82 g/km.

The Bentayga V8.

The Bentayga V8 seamlessly fuses powerful performance with groundbreaking innovation, encompassed in unrivalled Bentley design.

With a commanding V8 engine and twin-scroll turbochargers that deliver power, speed and efficiency, you can expect an uncompromising, dynamic driving experience. Taking you from 0 to 60 mph in 4.4 seconds (0 to 100 km/h in 4.5 seconds) and on to a maximum speed of 180 mph (290 km/h), you will hear the immensely satisfying Bentley V8 burble every time it accelerates.

As capable, composed and supremely comfortable off-road as it is in the city, the Bentayga V8 offers the choice of four*, five or seven** seat configurations – allowing the whole family to explore together.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

**Regional applicability.

The new Bentayga S.

Sporty performance and dramatic design come together in the new Bentayga S to create an SUV that is impossible to resist.

With enhanced performance characteristics and a thrillingly dynamic driving experience, particularly in Sport mode, you will be able to push the powerful V8 engine to its limits. As you do so, the sports exhaust brings the SUV's every response to life, with a thrilling sound that makes the drive even more engaging.

The exhilarating experience is reflected in the bold design of the new Bentayga S. This includes the Blackline Specification, which is enhanced by black door mirrors and side sills, dark tint headlamps and rear lamps, and a unique bumper design at the front and rear. Scythed 22" wheels, available only on the S, complete the stunning exterior.

The striking look continues inside the cabin, with the luxurious interior enhanced by a choice of eye-catching colour combinations – ensuring the new Bentayga S is an exhilarating experience, right down to the very last detail.

Bentayga S WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

The Bentayga Speed.

Formidable power and breathtaking design create an incredibly immersive driving experience in the fastest SUV Bentley has ever made.

The Bentayga Speed harnesses the power of an advanced W12 engine and two twin-scroll turbochargers to deliver phenomenal performance, achieving 0 to 60 mph in a thrilling 3.8 seconds (0 to 100 km/h in 3.9 seconds) and top speeds of 190 mph* (306 km/h). Truly, nothing can compete with its unique combination of on-road exhilaration, off-road capability and outright sporting luxury.

Exclusive Speed detailing throughout the vehicle emphasises its status as the most powerful Bentayga. From the body-coloured elements on the highly sculpted exterior, to the elongated spoiler, dark-tint headlamps and matrix grille, its formidable presence can be felt wherever the road takes you.

Subtle Speed badging and exclusive 22" wheels further enhance its unique and compelling aesthetic, resulting in a car that perfectly balances sport, style and luxury.

Bentayga Speed is available to order in all markets, except EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey, China, Macau, Hong Kong, Taiwan, Vietnam, India or South Korea.

DESIGN

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

Driven by design.

See and be seen in the distinctive Bentayga.

From its lights, front grille and dominant upright face to its bold lower bumper design with large intakes and deeply sculpted surfaces, this SUV makes its presence felt wherever it is.

The Bentayga's roof spoiler gives it a long elegant profile, complemented by the chrome fender vent positioned above the 'power line' on the body side. Meanwhile, the lower door mouldings catch the light for a captivating effect that sweeps the eye to the striking and powerful 22" multi-spoke wheels.*

At the rear, the evolution of Bentley design continues. Elliptical tail lamps and a prominent 'Bentley' badge are set into a beautifully sculpted tailgate panel which pushes the boundaries of seamless contouring to the limit. The bold bumper echoes the design of the rear lamps, with oval shaped split tailpipes.

It all results in a stunning, distinctive visual identity.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

The beauty of light.

The Bentayga lights the way with elliptical front lamps. The headlamps bear Bentley's signature 'crystal cut' design, which achieves a unique effect with transparent internal surfaces and sharply defined diamond edges. A chrome 'crown' insert within allows the lamps to sparkle even when not illuminated.

The main tail lamp function is contained within an intricate 'lattice pattern' ring. This results in a one-of-a-kind, deep three-dimensional glow that is unique to Bentley.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

Immaculate inside.

The Bentayga's cabin sets the benchmark for SUV interiors – the ultimate in luxury, usability and the latest technology. It features an intuitive, high resolution, 10.9" touchscreen that spans the full width of the centre fascia.

Light floods in from above to illuminate the luxurious interior, courtesy of the tilt and slide panoramic roof. Beneath it, every detail of the Bentayga's handcrafted cabin has been meticulously considered. The famous Bentley wings marque has once again inspired the architecture of the cockpit, forming the symmetrical, double-wing arrangement that flows from door to door.

The interior design balances the relationship between veneer, leather and metal, combined with ergonomics, to provide you with unparalleled comfort. This marriage of elements continues as the textured pattern on the switchgear is placed alongside soft leathers and beautiful gloss veneers. The indented steering wheel* offers a particularly satisfying grip, making you feel even more connected to the involving driving experience. This is luxury you can feel with every touch.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

*Cost option.

For the driven.

When seeking the extraordinary, look no further than Bentayga.

The Bentayga's generous dimensions provide optimal legroom and comfort in the rear cabin, particularly in the Four Seat Comfort Specification*, allowing passengers to unwind and recline without compromise.

You can choose from four*, five or seven** seat arrangements, along with an optional Front Seat Comfort Specification*. This offers a six-setting massage function and 22 different types of adjustments, including cushion and backrest bolsters, to offer both driver and passengers a truly indulgent and relaxing experience.

The Diamond Brushed Aluminium* on the fascia and door panels is a modern take on a traditional finish. This technique creates a stunning visual 3D effect, resulting in added depth when viewed from any angle. The Mulliner Driving Specification* features a 'diamond in diamond' pattern in the quilting design, adding further depth and texture to the interior.

*Cost option.
†Regional applicability.

Irresistible style.

The bold character of the new Bentayga S is clear from the moment you first lay eyes on it. The brooding look of the Blackline Specification is made even more striking by unique exterior features such as black painted bumpers, side sills and door mirrors, as well as dark tint headlamps and rear lamps.

The rear view is just as powerful, with black painted split oval tailpipes, dark tint tail lamps and a larger rear spoiler emphasising the uncompromising performance aesthetic. In addition, the profile is given a dramatic look by an exclusive scythed sports wheel – its curved surfaces meticulously crafted to create a black painted and highly polished finish.

The characterful interior continues the sporty feel, with a unique fluted seat design running down from the headrests and curving around the shoulder panel – an aesthetic found only in the Bentayga S. Exclusive colour combinations contrast a dark hide with an accent colour, which can either be a similarly dark tone or a brighter shade. This is enhanced by a variety of Alcantara elements, including applications to the steering wheel and seat panels, for a truly bespoke cabin that can be personalised to your individual taste.

The distinctive S emblem, appearing on badging, illuminated treadplates and seats, completes the imposing look – one that is designed to reflect the exhilarating journey ahead.

Bentayga S WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

Never blend in.

The Bentayga Speed is the ultimate statement of luxury, style and performance – even before the impressive W12 engine roars into life. This formidable power can be seen in every inch of the phenomenal design unique to Speed.

The bold exterior design features unique front and rear bumpers as well as side sill extensions. A prominent tailgate spoiler hints at the performance potential within, while dark tint headlamps and tail lamps, accompanied by a dark tint matrix grille and lower bumper grilles, add to its commanding aesthetic. Speed badging and unique 22" ten-spoke Speed wheels – available in three finishes – elevate this look further still.

Inside the cabin, an exclusive colour split option incorporates Alcantara elements and unique colour accents to add an extra touch of luxury and refinement. This is accompanied by handcrafted contrast stitching of the diamond quilting – a feature available only on the Speed – where one of the twin stitching lines is replaced with a contrasting colour to create a captivating look.

The Mulliner Driving Specification comes as standard on the Bentayga Speed. This includes a 'diamond in diamond' stitching pattern, which adds a subtle yet stunningly intricate touch, demonstrating how luxury can truly be found in every detail.

Bentayga Speed is available to order in all markets, except EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey, China, Macau, Hong Kong, Taiwan, Vietnam, India or South Korea.

ENHANCED EXPERIENCE

Bentayga Hybrid WLTP drive cycle: fuel consumption,
mpg (l/100km) – Combined 83.1 (3.4). Combined CO₂ – 82 g/km.

Uncompromising in every sense.

There is no need to compromise on performance, capability or comfort when you choose the Bentayga. This commanding car has elevated the Sports Utility Vehicle to dramatic new levels, combining contemporary design with timeless craftsmanship to deliver an unmistakable aesthetic. Alongside phenomenal power and innovative technology, practicality goes hand in hand with comfort. Whether you are golfing or skiing, heading across continents or across town, navigating roads or leaving them far behind, the Bentayga is perfectly equipped for every journey.

Bentayga S WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

A place to relax.

Regardless of where you are, you can rely on the Bentley's elegant cabin interior to provide you with the comfort you desire.

Every element of the cabin is crafted by hand. The veneers are carefully selected and meticulously mirror-matched to create a seamless flow of wood around the car's occupants.

The refinement continues in the seats, where ergonomically designed cushions and backrests ensure complete comfort. For true audiophiles, the Naim for Bentley* premium audio system promises to give you the best audio quality, from the deepest bass to the highest treble.

The Touch Screen Remote (TSR) system is conveniently located in the rear of the central console, allowing rear passengers to control a wealth of entertainment and features.

These include rear seat massage*, heating and ventilation*, climate control and sound, for a comfortable and cocooning experience.

Wireless phone charging is integrated in the stowage area forward of the gear lever. A convenient feature that ensures you stay connected to the world around you.

From comfort you can touch, to comfort you can feel, this modern SUV uses air ionisers to purify the air in the car. By removing particles and impure contaminations from the air, they can enhance your wellbeing, wherever your journey takes you.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

*Cost option.

Refined and practical.

When it comes to the realities of modern luxury living, the Bentayga is a car for all seasons and all lifestyles.

Innovative features have been designed to enable a whole spectrum of outdoor pursuits, across a vast range of climates and temperatures – from sea level on the Côte d’Azur to the snowline in the Sierra Nevada – so that your destination can be as exhilarating as the journey.

The Bentayga V8, S and Speed all deliver a towing capacity of 3.5 tonnes – more than ample for speedboats, gliders and horseboxes. The electrically retracting tow bar** lies behind the rear bumper when not in use.

All features and accessories*, from an aerodynamic roof box to a range of tailored storage solutions for skiing, fishing, diving and other active pursuits, offer the luxury of practicality, whilst echoing the unmistakable Bentayga styling. The spacious boot provides ample storage space, while the hands-free tailgate, easy-load boot function and load assist tray** enable effortless opening, closing and loading.

TECHNOLOGY

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

Intuitive technology.

Bentley has long set the standard in luxury, all-wheel drive engineering, integrating the latest technologies in discreet and unobtrusive ways. Born of 'intelligent functionality', they are designed to enhance the enjoyment of driving.

Created with the driver in mind, the technology in the Bentayga can be easily configured to suit your personal tastes, including several driver assistance systems to aid urban driving, grand touring and more robust off-roading.

This innovative SUV comes equipped with the latest suite of Connected Car services, accessible in-car and remotely via the My Bentley app, allowing you to monitor the location and status of your car, and control a host of functions wherever you may be. These services are designed to enhance your journey, making it safer, smarter and more convenient – even when you are apart from your vehicle.

However, the connectivity doesn't end with you and your car. The Bentayga harnesses infrastructure data such as real-time traffic information, green light prediction and swarm services from other road users to warn of potential hazards on your chosen route. These Connected Car services mean the progress of your journey can remain uninterrupted, so whatever adventures you embark on, each can be relished to the full.

You can explore more innovative features [here](#).

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

From city roads to no roads.

Remarkable performance allied with exceptional handling and peerless ride comfort lets you experience every environment in world-class refinement.

Drive Dynamics Mode allows you to adapt to your surroundings using an intuitive rotary dial. Whether you're navigating the city or enjoying the open road, you can switch instantly

between four on-road driving modes – Comfort, Sport, Custom and Bentley.

The All-Terrain Specification* adds four additional Responsive Off-Road Settings, to deliver more drive modes than any other car. The 'Snow & Grass' setting provides grip on low friction surfaces, 'Dirt & Gravel' gives optimum traction on loose debris, 'Mud & Trail'

configures the car's systems for muddy, uneven surfaces and 'Sand' gives greater confidence over dunes. And all the while, exhaustively tested underfloor protection ensures all key components are preserved.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

An unrivalled driving experience.

The experience of driving a Bentley always has been – and always will be – at the heart of what makes it such an exceptionally desirable automobile. The Bentayga is no exception.

Its comprehensive driver assistance systems are focused on enhancing and perfecting the ride experience – creating a cocoon of unrivalled comfort and security. A wide range of technologies have been developed to aid driving in the city: Blind Spot Assist[†], Exit Warning[†], Reversing Traffic Warning[†], Traffic Sign Recognition[†], Top-View Camera, Pedestrian Warning[†] and more. The head-up

display^{*} artfully feeds driving-relevant information into your line of vision, without distracting from your driving line.

Longer journeys also take on a greater sense of freedom. Adaptive Cruise Control^{**†}, Night Vision^{**†}, Bentley Safeguard Plus^{**†} and High Beam Assist allow you to enjoy the Bentayga's performance at speed on the open road.

Bentayga Hybrid WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 83.1 (3.4). Combined CO₂ – 82 g/km.

Connect to more.

The Bentayga is poised and equipped with the latest suite of Connected Car services, harnessing real-time information to respond intelligently to the ever-changing world around you. These intuitive services are accessed seamlessly in-car, or remotely via the My Bentley app – the ultimate partner to any Bentley owner – making your journey and your daily life smarter, safer and more convenient.

Smart

Real-time traffic information gathers up-to-the-minute traffic data into the navigation system, enabling you to plan more effectively and avoid traffic congestion by dynamically re-routing your journey. In addition, the Bentayga utilises the power of cloud data to enhance every journey. Google's Point of Interest search provides easy, voice-controlled access to information about notable locations you may encounter on the way, while song recognition, news and weather feeds add further infotainment, effortlessly integrating technology as you drive.

With a built-in Wi-Fi hotspot*, you and your passengers can link your smart devices to the touchscreen through Android Auto*, Apple CarPlay®* and Wireless Apple CarPlay®* – enhancing the Connected Car experience and allowing you to bring your world into the Bentayga. The content from your device is displayed on the section of the screen furthest from the driver, so that useful driving information is never obscured.

Safe

Innovative safety features include Private eCall* and Roadside Assistance, which automatically connect you to a Bentley Emergency Call Centre or the Bentley Roadside Assistance team in the event of an accident, establishing your location and condition of the vehicle.

Furthermore, Theft Alert and Perimeter Alert will send you push notifications if your car leaves a predefined geographical area or if the alarm is activated.

Convenient

Every journey in the Bentayga can be seamlessly interlinked with your day-to-day life. Calendar integration synchronises your personal device calendars with the car and your My Bentley app, combining them with features such as Auto Read Out and navigation assistance. Natural Speech Interaction allows voice control of over 200 functions within your car, ensuring your hands needn't leave the wheel.

When you're apart from your Bentley, Activate Heating allows you to adjust the climate control, preparing your cabin and passenger area with an optimum temperature ahead of your journey. You can even check the status of your locks, lights, mileage and fuel.

Always on

The My Bentley app is quite simply your essential companion, allowing you to stay connected to your car, wherever you are in the world. From knowing where it is, accessing its status, locking it and controlling specific functions, it provides the ultimate convenience.

Every aspect of the My Bentley app benefits from automatic updates, meaning new features will be deployed and improved without you having to tap a finger. Simply search and download the My Bentley app on the App Store or Google Play.

The city, recharged.

The Bentayga Hybrid takes connectivity and technology to the next level with a suite of forward-looking features designed to enhance city living, even when you're away from your car.

When driving in Hybrid mode, the intelligent navigation system maximises range and efficiency from the outset by choosing the most appropriate power source for each stage of your journey. If your route takes you through a city with an electric-only zone, it will even account for this in its planning, making sure the battery keeps enough power in reserve during the earlier stages of your journey.

In addition to the core suite of My Bentley Connected Car services, Bentayga Hybrid includes exclusive features made to enhance your electrified journeys further. Accessed via the My Bentley app, tools such as My Battery Charge allow you to initiate charging remotely, while the E-Charging service lets you find charging stations near you, however far you've travelled from home. Step into the perfect driving environment with the Bentayga Hybrid's My Cabin Comfort. This feature will either heat or cool the internal cabin to an optimal 22°C, enabling you to begin every journey in maximum comfort, regardless of outside conditions.

Bentayga Hybrid WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 83.1 (3.4). Combined CO₂ – 82 g/km.

Connected Car services vary by market, please visit My Bentley support site for details.

Screen time, reimagined.

For stunning views, you do not have to look far.

The Bentayga features a high-resolution touchscreen infotainment system. This 10.9" screen has a resolution of 1920 pixels by 720 pixels, providing sharp, crystal-clear images, and is underpinned by cutting-edge software to provide a high level of future-proofing. Here, you can intuitively control your personal device or smartphone which connects to the screen via Android Auto*, Apple CarPlay** or Wireless Apple CarPlay** for a seamless experience.

There is also a fully digital Driver's Information Panel located behind the steering wheel, creating a contemporary look within the cockpit. You can choose between two main views: classic, which shows the traditional two dial design, or expanded, where only the left dial is in view, providing an expanded area for maps and media depending on your personal preferences. On the Bentayga Speed and S, the display features Performance Kombi graphics inspired by the finest chronograph timepieces. With pronounced lines and a blend of natural and digital lighting effects, this enhances the sporting feel.

PERFORMANCE

Bentayga Speed is available to order in all markets, except EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey, China, Macau, Hong Kong, Taiwan, Vietnam, India or South Korea.

The ultimate SUV.

The Bentayga delivers Bentley's unique and exhilarating driving experience through a balance of raw power and efficiency, making it supremely versatile on-road and off-road. As should be expected, it possesses the typical Bentley characteristics of phenomenal torque with ample reserves of power – ensuring a surge of acceleration is always available should it be needed.

Whether you opt for the lively V8 engine, the formidable W12 engine or the Hybrid powertrain's seamless combination of a V6 engine with an innovative E Motor, you will experience Bentayga's thrilling capabilities – with Bentley's DNA defining them all. Each model delivers the Bentley hallmarks of exhilarating power and dynamic performance.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

Perfectly controlled, everywhere.

The engrossing driving experience offered by the Bentayga range is enhanced by exceptional ride comfort and phenomenal handling – both on and off the road.

The 8-speed transmission ensures optimum gear selection and smooth, irresistible acceleration through multiple gear changes. And the 48V Active Roll Control System, known as Bentley Dynamic Ride*, unites the presence of an SUV with the performance of a sports car and the refinement of a luxury saloon.

This incredible SUV is engineered to perform perfectly at lateral and longitudinal angles of up to 35°, and in a wading depth of up to 500 mm. The advanced Torsen All-Wheel Drive (AWD) system delivers power to the wheels with the greatest available traction – while delivering unwavering confidence to the driver.

Bentayga Speed is available to order in all markets, except EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey, China, Macau, Hong Kong, Taiwan, Vietnam, India or South Korea.

*Cost option on Bentayga V8.
Not available on Bentayga Hybrid.

The Bentayga Hybrid.

The Bentayga Hybrid balances speed and power with forward-focused technologies to create an exceptionally advanced and progressive vehicle.

Its innovative combination of a 3.0 litre V6 combustion engine and powerful E Motor injects effortless power into every drive, for rewarding journeys in the city and beyond. With a twin-scroll turbocharger that enables optimal responsiveness and maximum efficiency, the two motors work

seamlessly together to provide an impressive 700 Nm (516 lb ft) of combined torque. This allows the Hybrid to go from 0 to 60 mph in just 5.2 seconds (0 to 100 km/h in 5.5 seconds), before surging on to a top speed of 158 mph (254 km/h). With electric-only driving, it can reach an impressive 84 mph (135 km/h), and thanks to an electric-only range of 40 km / 25 miles (WLTP), you can savour the uniquely tranquil experience for longer.

Three intelligent driving modes ensure that you can enjoy the most serene and efficient drive at all times. The all-electric EV Drive mode is optimised for short journeys and city driving, while Hold is designed to preserve battery charge for when you need it. Hybrid mode intelligently combines the V6 engine and E Motor, using information from your planned journey in the navigation system, to maximise range and performance.

Back at home, the elegant recharging unit enables you to recharge your Bentayga between drives, with two programmable timers allowing you to plan ahead for specific departure times.

Bentayga Hybrid WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 83.1 (3.4). Combined CO₂ – 82 g/km.

The Bentayga V8.

The Bentayga V8 is powered by the most advanced V8 engine ever built. Powerful and efficient, it offers exhilarating performance and a dynamic driving experience accompanied by a distinctive sound that announces the car's immense capabilities.

This advanced engine can produce a thrilling surge of power, with 542 bhp (550 PS) at your disposal. It reaches its maximum torque of 770 Nm (568 lb ft) at just under 2,000 rpm and maintains this through to 4,500 rpm. This ensures rapid acceleration whatever your driving speed – enabling the Bentayga V8 to take you from 0 to 60 mph in just 4.4 seconds (0 to 100 km/h in 4.5 seconds), and on to a staggering top speed of 180 mph (290 km/h).

The V8 engine isn't just relentless, it is also highly efficient. It employs a Variable Displacement System to shut down four of the eight cylinders when not required, reactivating them again as soon as they are needed without the driver even noticing. 'Start-stop' technology is deployed not only when the vehicle is stationary, but also at 'near-stop' speeds. The result is emissions of just 294 g/km of CO₂, a combined driving fuel economy of 21.7 mpg and a generous range of over 654 km.

In short, the V8 engine delivers exhilaration as well as efficiency to create an extraordinary driving experience.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

The new Bentayga S.

The new Bentayga S takes the advanced V8 engine and maximises its performance-led character. While Comfort mode provides the luxuriously smooth ride you'd expect, the specially calibrated Sport mode delivers a thrillingly dynamic drive. Increased damping provides additional body control, and adjustments to the Bentley Dynamic Ride active roll control system give the front axle extra grip, ensuring incredibly responsive steering.

Responsiveness is heightened further still by the fine-tuning of the Electronic Stability Control, and an increase in torque vectoring by brake enhances agility. In addition, a more blended Traction Control System gives you total confidence in all conditions.

The riveting performance is made even more captivating by the V8 sports exhaust. This gives the evocative Bentley V8 sound a particularly throaty and characterful tone that highlights the SUV's power and responsiveness, for an irresistible driving experience.

Bentayga S WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

The Bentayga Speed.

The Bentayga Speed puts the formidable power of a class-leading W12 engine in your hands, offering ferocious performance with breathtaking top speeds. This is the most powerful SUV Bentley has ever made – and it's the fastest SUV ever to grace the road.

The W12 engine's phenomenal power translates to a maximum torque of 900 Nm (664 lb ft) and a 0 to 60 mph time of just 3.8 seconds (0 to 100 km/h in 3.9 seconds). With 626 bhp (635 PS) at your disposal, it will continue to gain speed for as long as the accelerator pedal is depressed, before reaching an unrivalled top speed of 190 mph (306 km/h)*.

Variable displacement technology ensures maximum engine efficiency is achieved by shutting down six of the twelve cylinders when they're not needed, resulting in a more than practical range of nearly 400 miles or 644 km (NEDC). And with the twin-scroll turbochargers engineered for optimum response, you won't feel any hint of turbo lag – whether six or twelve cylinders are in operation. This ensures a rewarding driving experience that elevates both efficiency and power, redefining what an SUV engine can do.

The true power of the Bentayga Speed is revealed in Sport mode. This stirs the senses with more performance-focused engine and transmission settings, greater exhaust character during start-up and gear downshifts, and firmer suspension for enhanced handling – transforming a rewarding drive into an incredibly exhilarating experience.

Bentayga Speed is available to order in all markets, except EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey, China, Macau, Hong Kong, Taiwan, Vietnam, India or South Korea.

*Max speed when fitted with Carbon Ceramic brakes.

PERSONALISATION

Express your desire.

With a host of accessories and styling options allowing you to configure your Bentayga to your personal taste, it is highly unlikely you will ever see another one like yours.

You can choose from an extensive palette of exterior paint colours, all of which are designed to maintain their brilliance for many years to come. With numerous different wheel designs, hide options, beautiful natural veneers and distinctive trim options, almost every visible feature of your Bentayga can be customised to your own specification.

To make the Bentayga truly yours, you have the choice of three optional stitching configurations to add a finer finish – contrast stitching*, contrast stitching with seat piping* or cross stitching*. To emphasise your SUV's performance credentials, you can opt for the dramatic Blackline Specification*, which replaces the exterior brightware with a high-gloss black finish. Standard on the new Bentayga S, it can be selected as a cost option on other models.

Should you desire even more freedom to tailor your Bentayga, you may wish to consult the Mulliner team at the Bentley factory in Crewe, who can undertake completely bespoke modifications to meet your specific requirements.

Visit **Mulliner** to discover more.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

*Cost option.

Exterior finish.

Colour can be a powerful expression of who you are. That's why we offer a wide range of exterior colours carefully curated by the Bentley design team, each one chosen to emphasise your Bentayga's unique presence on the road.

With the Bentayga, you can choose from seven standard exterior colours – increasing to 16 with Bentayga Speed – that range from the understated to the bold, or you can include the extended range to give you a total of 60 colours*. This extended range now includes two new colours: Cambrian Grey, a technical solid grey with a strong performance feel, and Snow Quartz Pearlescent, a bold, vivid white that is the purest white in the Bentley range.

Should you desire something that truly stands out, you can explore the Bentley Mulliner* range of exquisite paint options, which are available in solid, metallic, satin and pearlescent options, as well as in striking duo-tones. Alternatively, if you have an exact colour in mind – whether it's found on a favourite item of clothing, flower or piece of art – Mulliner offers a bespoke colour matching service* that can create a paint option which is entirely personalised to you.

To discover more, visit **Mulliner**.

Bentayga Hybrid WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 83.1 (3.4). Combined CO₂ – 82 g/km.

Intrepid wheels.

Your choice of wheel can subtly or dramatically alter the character of your SUV.

To make your Bentayga truly distinctive, you can choose between three striking alloy wheel options: a 21" five twin-spoke design, a 22" five spoke directional design* and a 22" ten spoke directional design available with the Mulliner Driving Specification*. Each of these wheels is available in a choice of breathtaking finishes.

The Bentayga Speed includes an exclusive 22" ten spoke alloy wheel as standard, available in your choice of three finishes: painted, dark tint* or black painted*.

The new Bentayga S includes an exclusive 22" five spoke alloy wheel. Made in a 12,000 ton forging press, its dramatic directional design requires different tooling for each side of the car, emphasising the precision detailing undertaken to create this powerful SUV. It is available in a silver painted or black painted* finish, or you can opt for a black painted and highly polished finish* where the curved surfaces undergo a meticulous four-stage finishing process.

To explore the options for yourself, visit our **online configurator**.

Compelling veneers.

Bentley's enthusiasm for fine materials and handcrafted finishes can be clearly seen in the Bentayga's flawless veneers. Sustainably sourced from forests around the world, each leaf of wood can be traced right back to the tree it came from; the beginning of an intricate process that takes around five weeks for every car. The veneers are sanded and lacquered five times, taking a full ten days to reach the Bentley standard of finish. The resulting shine is both lavish and deep, beautifully highlighting the natural grain of the wood.

Our vast choice of veneers is detailed on the next page. And should you desire a more contemporary twist, why not discover our latest eye-catching technical finishes, including high-gloss Carbon Fibre, offering a formidable sporty element; or the stunning Dark Tint Diamond Brushed Aluminium*, where each diamond is brushed in three 3D directions to give an exceptional, textured 3D effect finish.

With the Bentayga Speed, you can choose from an extended range of luxurious veneers as standard: Crown Cut Walnut, Piano Black, Dark Fiddleback Eucalyptus and Dark Burr Walnut – with Koa, Burr Walnut, Tamo Ash and Liquid Amber options also available.

How will you make your fascia a thing of beauty? **Create yours.**

 *Applied to fascia and door waistrail. Piano Black to Centre Console and picnic tables (if selected).

Natural hides.

Every inch of the Bentayga's interior is upholstered by hand. Crafting the hand-selected leather hides is a time-honoured process involving skills that take years to learn.

From the fascia to the leather headlining*, every inch of the cabin requires a specialised approach. Sections of the hide with high natural elasticity are reserved for curved surfaces like the seats, rather than for piping or flatter areas such as door inserts. The steering wheel, meanwhile, is covered in a highly resistant leather to ensure the natural chemicals from the driver's skin are not absorbed, creating grip, comfort and longevity.

The Bentley design team have chosen five standard leather colours and 10 further options, along with five colour combinations, to let you express your individual style. Each option complements the interior perfectly. The Bentayga Speed and the new Bentayga S also have their own unique colourways that highlight their individual character.

The Bentayga Speed comes with the exclusive Colour Specification as standard, which means the full range of hide colours are available to you at no extra cost.

Bentayga Speed is available to order in all markets, except EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey, China, Macau, Hong Kong, Taiwan, Vietnam, India or South Korea.

Black Specification.

The Black Specification* dramatically changes the character of your car. In addition to replacing all exterior polished chrome with all-black brightware, it includes a new front bumper with carbon fibre blade, carbon fibre side sills, black 22" five spoke wheels and black exhaust tailpipes. A striking carbon fibre rear spoiler completes a look that will certainly stand out.

Bentayga V8 WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ – 294 g/km.

Mulliner Driving Specification.

The Mulliner Driving Specification* brings the distinctive Mulliner aesthetic to the interior of your Bentayga. Its considered style includes diamond-quilted seats, sports pedals, embroidered Bentley emblems and the full selection of hide, carpet and interior colour combinations. Exclusive 22" wheels and stunning fuel and oil filler caps provide the perfect finishing touches.

*Cost option.

Optional packages.

WORLD OF BENTLEY

The Bentley Collection.

The Bentley Collection is a selection of lifestyle products inspired by the design, craftsmanship and performance of our cars.

With many items lovingly crafted by highly skilled artisans, the Bentley Collection takes our exciting heritage and vision for the future, and seamlessly weaves it into extraordinary statement pieces.

From stylish accessories to exquisite finishing touches for the office or home, every item captures the inherent qualities of craftsmanship, tradition, exclusivity and style.

To view the complete range, please contact your local Bentley retailer or visit the online store at BentleyCollection.com

The Bentley Experience.

With the opportunity to visit our Crewe factory, the Bentley Experience offers a unique insight into the design and engineering required to create a Bentley.

You'll see the full model range and explore a dedicated personalisation area, bespoke Mulliner room and Bentley boutique, for a window into the world of Bentley.

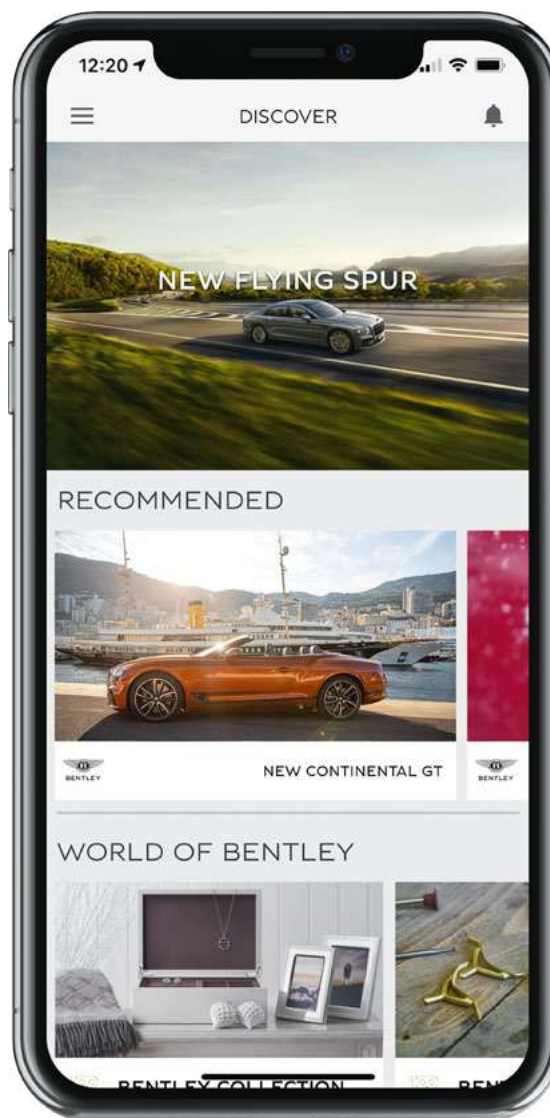

To register your interest and find out more, please contact your local **Bentley retailer**.

Bentley events.

We run a number of events each year for Bentley drivers and enthusiasts.

From the Extraordinary World programme, which offers the opportunity to explore some of the most remote and beautiful landscapes in the world from the luxury of a Bentayga, to exclusive drives through Europe experiencing the finest cuisine and culture on offer, there is a Bentley event to satisfy everyone.

To discover more, please talk to your local Bentley retailer or visit **BentleyMotors.com**

The Bentley Network.

Imagine an app that puts the world of Bentley in your hands.

The Bentley Network app provides access to essential owner services, an exclusive line of communication with Bentley and membership of a global community of like-minded owners – placing the future of Bentley, quite literally, at your fingertips.

Available exclusively to Bentley owners, the app is a fast track to a world of unique events – with priority invitations to everything from thrilling driving experiences to intimate dinners and some of the most exhilarating races in the global motorsport calendar.

Through the Bentley Network app, you will be the first to hear our latest news, announcements and exclusive content.

You can also share your ideas, inspiration and experiences with an online community of like-minded owners.
